

de Witt Consulting is a company dedicated to providing a personal and professional service to clients. Based in Newcastle also with a regional office in the Central West of NSW, de Witt Consulting comprises a team of enthusiastic and experienced land surveyors, town planners, environmental professionals, project management and sewer & water designers who are supported by drafting, GIS and administration staff. Our clients include property developers, Councils, Government Agencies, public and private companies.

de Witt Consulting aims to:

- Provide surveying, town planning, project management, environmental and mapping services to the highest professional standard.
- Deliver services on time and at competitive rates.
- Consistently meet or exceed clients' expectations.

## Ecology Experts in Newcastle, Sydney & Western NSW

de Witt Ecology is all about finding simple solutions to complex problems. We don't see problems as a barrier; just an opportunity for solutions. We specialise in complex projects requiring a high level multi-disciplinary approach to achieve project aims. With our principal having over 25 years' experience, he brings a team of skilled ecologists, GIS crew and mathematicians to deliver on the most difficult of projects. Give us a call to find out about our unique cost saving structures.
